

REMARKS

The specification has been amended pursuant to 35 U.S.C. §120.

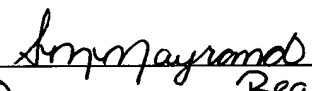

This amendment is for the purpose of making clerical corrections only. Such corrections neither alter the scope of the claims nor add new matter. Applicants' request for such amendment is therefore proper and entry thereof is respectfully requested. More specifically, claim 5 has been amended to parallel claims 16 and 18 which contain the identical list of therapeutic agents. The omission of I-131 and At-211 was a typographical error and this correction does not introduce new matter.

Applicants respectfully request that the foregoing amendments be made prior to issuance of the present application.

Respectfully submitted,
